5. MATTERS SUBMITTED FOR CONSIDERATION

5.1 CAMEL OPERATORS: CABLE BEACH ACCESS ROUTE

LOCATION/ADDRESS:	Minyirr Park, Stage 1 & Unallocated Crown Land
APPLICANT:	Rubibi
FILE:	
AUTHOR:	Ben Wurm & Damien Parriman
CONTRIBUTOR/S:	
RESPONSIBLE OFFICER:	
DISCLOSURE OF ANY INTEREST:	N/A
DATE OF REPORT:	20 May 2005

SUMMARY: Rubibi seeks a report on the implementation of the Committee recommendation on this matter, made on 7 April 2005.

BACKGROUND

The last meeting of the Coastal Park Management Committee on 7 April 2005 made a unanimous recommendation that Council:

- Ensures that the current licenced camel operators comply with the access route specified on the map.
- Supports the installation of appropriate signage, bollards & other measures in consultation with Rubibi on the Lullfitz Drive perimeter of Hidden Valley to address current illegal access by trail bikes.
- Installs camel traffic signs along the designated route.
- Reopens the public access route along the northern boundary of the Cable Beach Club.

On 12 April 2004, the Kimberley Land Council received a letter from the Shire Manager of Health Services advising that the Shire will not implement the recommendation until a review of all commercial & tourism activities on Cable Beach is completed by consultants. This review will apparently be completed in September 2005.

COMMENT

It is unclear whether or not the Committee's unanimous recommendation has ever been submitted to Council for resolution. It appears that it did not.

Rubibi is not aware of any impediment, either legal or policy, to the implementation of the recommendation.

In the meantime, important environmental and cultural heritage matters, including the responsibilities of the Shire and its licenced operators under of the *Aboriginal Heritage Act 1972* continue to be ignored. It should be noted that compliance with the *Aboriginal Heritage Act* is not a discretionary matter.

SHIRE OFFICER COMMENT

As the Coastal Park Management Committee has not met since the 7 April, the minutes are yet to be confirmed by the Committee. This is a requirement prior to the minutes being put to the Council for consideration.

The letter of 12 April 2005 was provided to KLC to inform them of the current position of the Council.

The review of all commercial and tourism activities on Cable Beach has commenced and Rubibi have been consulted.

In regards to the “*Reopens the public access route along the northern boundary of the Cable Beach Club*”, the Committee should note that this is private land owned by the Cable Beach Club and beyond the control of Council. It is not a public route.

CONSULTATION

Shire consultation with licence camel operators to ensure compliance will be necessary.

5.2 MOORING OF BOATS & JET-SKIS, SOUTH CABLE BEACH

LOCATION/ADDRESS: Minyirr Park, Stage 1 & South Cable Beach
APPLICANT: Rubibi
FILE:
AUTHOR: Ben Wurm & Damien Parriman
CONTRIBUTOR/S:
RESPONSIBLE OFFICER:
DISCLOSURE OF ANY INTEREST: N/A
DATE OF REPORT: 20 May 2005

SUMMARY: Rubibi seeks Shire support for: (i) Relocation of all moorings off South Cable Beach and the Catalinas (Roebuck Bay) to the Port area; (ii) Access of vehicles to South Cable Beach for purpose of small recreational boat launching only. (iii) removal of jet-skis from south Cable Beach.

BACKGROUND

In the past, Rubibi has accepted that small, private, non-commercial, recreational dinghies may be launched from southern Cable Beach, in front of the Broome Turf Club. It is only for the purpose of launching these small dinghies that Rubibi has accepted that cars may access southern Cable Beach. Rubibi has never supported the establishment of any commercial boating activity in the Gantheaume Point (*Minyirr*) area.

COMMENT

Rubibi is concerned at the increased use of the waters off southern Cable Beach/Gantheaume Point and in the mangroves off the Catalinas townhouses (Roebuck Bay) as mooring areas for commercial charter boats, visiting yachts, cabin cruisers and other large watercraft.

Rubibi would like these moorings relocated to the designated Port Area at Entrance Point.

In addition, Rubibi is very concerned at incursion of jet-skis south into the waters off southern Cable Beach, with associated detriment to the environmental, heritage and tourism values of Cable Beach. While the existing jet-ski operator retains a licence, Rubibi seeks that they be limited to waters off central Cable Beach.

SHIRE OFFICER COMMENT

The issue of moorings is the responsibility of the Broome Port Authority and the Department of Planning and Infrastructure. It is therefore recommended that Rubibi refer their concerns with regards moorings to the Broome Port Authority and the Department of Planning and Infrastructure.

The issue of commercial activities on Cable Beach is the subject of a review currently being carried out of all commercial and tourism activities on Cable Beach. Rubibi has been consulted and it is recommended that the Council consider this subject as part of the review process.

5.3 MICROLIGHT FLIGHTS LANDING ON CABLE BEACH

LOCATION/ADDRESS: Minyirr Park, Stage 1
APPLICANT: Rubibi
FILE:
AUTHOR: Ben Wurm & Damien Parriman
CONTRIBUTOR/S:
RESPONSIBLE OFFICER:
DISCLOSURE OF ANY INTEREST: N/A
DATE OF REPORT: 20 May 2005

SUMMARY: Rubibi seeks shire support in regulating flight patterns of the Microlight flights during the Dry Season (May – November).

BACKGROUND

Rubibi is concerned about commercial Microlight flight during *Wirralburu* and *Barrgana* (the May – November 'Dry Season') are impacting on the seasonal migration of brolgas west to Willie Creek, Coconut Wells, Buckley Plain and Cable Beach to mate and feed on the in-season bush onion. In addition, the microlight flights land on the beach at Coconut Wells.

COMMENT

Modification of the existing flight path of the microlights would minimize disruption to the breeding pattern of brolgas.

Microlight landings on the beach at Coconut Wells are inconsistent with the environment and cultural heritage values of the area, as well as public amenity and safety.

Rubibi seeks Shire support for (i) a prohibition on landings by microlights on Cable Beach, north to Coconut Wells and (ii) modification of the existing flight path (s).

SHIRE OFFICER COMMENT

The issue of commercial activities on Cable Beach is the subject of a review currently being carried out of all commercial and tourism activities on Cable Beach. Rubibi has been consulted and it is recommended that the Council consider this subject as part of the review process.

It is recommended that Rubibi contact the Broome International Airport and Civil Aviation Safety Authority and raise their concerns regarding the flight paths of microlights as flightpaths are not under the jurisdiction of the Shire.
