RESPONSIBLE OFFICER: N/A

DATE OF REPORT: 19 June 2008

SUMMARY: Minyirr Park requires confirmation that the Shire will provide the annual grant of \$129,361.10 as Project Coordinator Kandy Curran and Minyirr Park Administration Project Officer Kerry Marvell have resigned from their positions and assurance of funding is required for the positions to continue.

BACKGROUND

Minyirr Park is an important joint arrangement between Aboriginal Traditional Owners and the Shire of Broome. The three main goals are to:

- Conserve the environmental integrity of the coastal areas;
- Protect and promote Aboriginal culture and heritage; and
- Provide opportunities for people to recreate, in a manner compatible with the conservation and cultural and heritage values held for the Park

Minyirr Park requires assurance that the Shire will provide wages needed for staff for 2008-9 financial year in the annual Shire Grant. With native nettle negotiations not yet complete and two administration jobs needing to be advertised to continue the running of Minyirr Park – it is imperative that Minyirr Park has assurance of continued Shire funding so the jobs can be advertised. The cost of wages for two full-time on ground supervisors, 1 project coordinator and one administrative assistant required to run Minyirr Park for 2008/9 is \$290,783.00. Minyirr Park seeks Shire commitment to provide assurance that an annual grant of will be offered once again to Minyirr Park.

OFFICER COMMENT

6.2 CABLE BEACH MOTOR VEHICLE POLICY

LOCATION/ADDRESS:	Minyirr Park, Broome
APPLICANT:	Rubibi Land Heritage and Development Group
FILE:	CTE 28
AUTHORS:	Kandy Curran/Fae Gerrits
CONTRIBUTOR/S:	N/A
RESPONSIBLE OFFICER:	N/A
DISCLOSURE OF ANY INTEREST:	Nil
DATE OF REPORT:	19 June 2008

SUMMARY: Rubibi requests a discussion with the Shire on vehicle management planning on the Broome Peninsula.

BACKGROUND

Rubibi understands that the Shire has received a report from the Cable Beach Motor Vehicle Management Committee. With Minyirr Park Reserves 19289, 43080 and 36477 including Cable Beach to the high tide water mark, it is important to discuss motor vehicle management planning for Cable Beach.

The management issue of vehicle access to Cable Beach has been raised as an Agenda item by Rubibi on many occasions. The On-Site Supervisors for the Minyirr Park Project have liaised directly with relevant Shire staff on this issue. The main concerns that have emerged with increased vehicular access to Cable Beach are: detrimental affects to cultural heritage, damage to the intertidal zone and surrounding coastal environs, accumulation of litter – that presents a serious health hazard to the public, increased occurrence of inappropriate antisocial, behaviour including reckless and drink driving and an increasing number of obscene acts in public – please see attached letter.

Minyirr Park is a joint land-management project of the Shire of Broome and Rubibi. The project arises from the 1999 *Coastal Park Management Plan* (commissioned by the Shire of Broome) and is now in its ninth year of implementation).

COMMENT

It should be noted in Council's consideration of this issue, that Rubibi is not merely another "stakeholder" in public consultations, but rather a management 'partner' with the Shire. This partnership has been the basis for the successful Minyirr Park project. In keeping with this partnership, Rubibi looks forward to a collaborative approach to planning aimed at addressing this serious coastal management issue.

CONSULTATION

Public consultation on management options should only take place after: (i) the Shire and Rubibi have jointly identified management options to address the issue of vehicle access to Cable Beach; and (ii) the options so identified have been submitted to Council through the Coastal Park Management Committee.

SUMMARY: Rubibi would like to enter in to negotiations with the Shire to review the contents of the Interim Agreement between the Broome Shire Council and Rubibi for the joint management of Minyirr Park. The working partnership between the Shire and Rubibi to manage Minyirr Park has been progressive and positive thus far, however is in need of a review. The main items for discussion will be the structure, contents, and responsibilities of both partners in the working relationship.

On 1 of May 1996 an Interim Agreement was made between the Shire of Broome and Rubibi Working Group. With Native Title negotiations reaching a conclusion, it is timely to revisit and review the Interim Agreement between the Shire of Broome and Rubibi to improve our working relationship and overall management of Minyirr Park.
