These Ausco Building Systems' designs form part of an extensive range of standard building designs available from Ausco for sale or hire.

Ausco Building Systems can meet any stage of your project's requirements with a service and support program that includes:

- Building design, layout, furniture and equipment
- All building application facilities such as: accommodation, classrooms, offices and amenities.
- Manufacture and transport
- Site preparation, installation and services

Please check with Ausco Branch Offices for confirmation of current issues as these layouts are subject to changes without notice.
 Also check local building and industry regulations
