Dear Chris,

Master Builders Building Excellence Awards

Thank you for the opportunity to conduct our annual Building Excellence Awards on Shire land at Zanders last Saturday evening.

It was a superb location which attracted overwhelming positive feedback from all attendees.

Although this was the first time we have held our awards at this location, we were very pleased with the outcome; so much so that we are keen to hold our awards there again next year – on the first Saturday in May, coinciding with the North-West Expo.

Your ongoing support would therefore be appreciated.

Yours sincerely,
Master Builders Association of WA
