OUR PEOPLE

PRIORITY STATEMENT

Embracing our cultural diversity and the relationship between our unique heritage and people, we aim to work in partnership with the community to provide relevant, quality services and infrastructure that meet the needs and aspirations of our community and those visiting and doing business in our region.

Supporting and contributing to the well-being and safety of our community is paramount, as is our focus on community engagement and participation.

Council aims to build safe, strong and resilient communities with access to services, infrastructure and opportunities that will result in an increase in active civic participation, a reduction in anti-social behaviour and improved social cohesion.

9.1.1 REQUEST TO ENDORSE THE PROPOSED PROGRAMME AND COSTS FOR THE OPENING OF THE BROOME MULTIPURPOSE ARTS AND COMMUNITY VENUE

LOCATION/ADDRESS:	Broome Multipurpose Arts and Community Venue
APPLICANT:	N/A

DISCLOSURE OF INTEREST:	Nil
DATE OF REPORT:	26 June 2012

SUMMARY: The Broome Multipurpose Arts and Community Venue (BMACV), the Shire's second largest asset will be ready to open in October this year. This report requests Council consider the opening program for the event and associated financial implications. The report also recommends Council endorse undertaking a naming competition of the venue in the lead up to its opening.

BACKGROUND

Practical completion of the Broome Multi-Purpose, Arts and Community Venue (BMACV) is expected to occur mid-late September. To allow for enough lead time and minor building completion issues it is proposed that the opening period runs over 15 days from Friday 12 October to Friday 27 October 2012.

Previous Considerations:

Nil.

COMMENT

There are two issues for Council to consider in the lead up to the opening of the facility, namely what the opening event will comprise and how much Council wishes to provide for funding for the opening and secondly what the facility will be called.

In respect to the opening it is proposed the opening comprise the following elements:

- **Pre-testing Friday 12 October - Friday 19 October.** This would provide potential users with the ability to test lights, sound and stage systems and provide any feedback prior to the opening and use. It is anticipated that participating groups and individuals may include bands, singers, historical groups, dance groups, choirs, poets, visual and performing artists. It is proposed that participation by performers and audiences during this week would be free of charge.
- **Community Celebration Saturday 20 October 9am - 6pm** The Open Day Celebration is also proposed to be a free event. The aim is to showcase a range of local talents in a festive Open Day Programme presenting the diverse capacity and uses of the venue along with elements of Broome's and the venue's history.
- **Official Opening Sunday 21 October 3.30 - 6pm** An official opening attended by invited guests including funding participants, dignitaries and stakeholders is proposed for Sunday 21 October from 3.30 - 6pm. This event is anticipated to include a half hour dramatic performance introduction to the uses of the venue,

followed by theatre style seating of guests for appropriate speeches, finishing with Garden Theatre entertainment items, drinks and refreshments.

- ***Inaugural performance season Tuesday – Saturday 23-26 October*** The success of the launch programme could be further enhanced with a follow up performance to after the official community opening. This would provide an opportunity to showcase the venue hosting a production, concert or similar. It is proposed that the working group investigate available options and that the fees for hire are waived during the opening programme.

The 'Broome Multipurpose Arts and Community Venue' title was adopted initially to ensure that the public understood the venue to be a multi-use venue and NOT a specific performing arts centre.

The title Broome Multi-Purpose, Arts & Community Venue (BMACV) is not as user friendly and easy to pronounce as other potential names. The name also needs to contribute to the ownership and use of the facility. The Department for Culture and the Arts has confirmed that it does NOT require the new venue to be named as such. Therefore it is proposed that a community competition be held in the lead up to the venue opening event to provide a more accessible name that reflects the Broome community and promotes community ownership. The name would then be announced as part of the opening programme.

OUR PLACE

PRIORITY STATEMENT

The Shire of Broome has an abundance of unique natural features, coastal attractions, significant streetscapes, historic precincts and a mix of old and new urban developments.

Our aim is for all communities and settled areas, including the Broom Township, to be a place where the natural environment, on which life depends, is maintained, whilst at the same time the built environment contributes to the economy and a quality lifestyle for all.

Preserving the Shire's natural environment is a critical community outcome. Council will put into place strategies that nurture and improve the Shire's unique environment and biodiversity.

The Shire will work in partnership with the community and other agencies to ensure responsible and accountable management of both the natural and build environments is achieved in the short term and for future generations.

There are no reports in this section.

9.3

OUR PROSPERITY

PRIORITY STATEMENT

Our region has grown significantly over the past years in terms of population, economy and industry – this will continue! Balancing ecological sustainability with economic growth and retaining the 'look and feel' of Broome and its environs are an ongoing challenge for the region. Encouraging appropriate investment and business development opportunities to ensure a strong, diverse economic base is essential for community prosperity and the success of our future generations.

Focusing on developing clear pathways linking education with employment for our youth and the community at large is essential as we aim to retain our local people and continue to build a skilled and highly motivated workforce.

Business and Industry partnerships must be fostered to ensure sustainable economic growth is achieved, along with the provision of affordable and equitable services and infrastructure. Ensuring development meets community needs and legislative requirements whilst creating close community relationships and enhancing our understanding of local heritage and cultural issues will continue to be a major focus. The built environment must contribute to the economy, long term viability of the region and provide a quality lifestyle for all.

There are no reports in this section.

9.4

OUR ORGANISATION

PRIORITY STATEMENT

Council will strive to create an environment where local governance is delivered in an open and accountable manner; where we provide leadership to the region in such areas as planning and financial management; where the community has the opportunity to contribute to the Council's decision making thereby fostering ownership of strategies and initiatives.

In delivering open, accountable and inclusive governance, we will be ever mindful that we operate within a highly regulated environment that requires a high level of compliance.

Council will strive to be the conduit between the other spheres of government and the community, translating State and Federal law, policy and practice into customer focussed, on ground service delivery that support's Broome's unique lifestyle.

The Region is experiencing significant change with Council dedicated to sound governance, effective leadership and innovation, and high quality services. Building organisational capacity is a priority with a commitment to delivering services to the community in a sustainable, effective and accountable way.

9.4.1 NOTICE OF INTENTION TO IMPOSE 2012/2013 DIFFERENTIAL RATES

LOCATION/ADDRESS:	N/A
APPLICANT:	N/A
FILE:	ARA01
AUTHOR:	Manager Financial Services
CONTRIBUTOR/S	Senior Rates Officer
RESPONSIBLE OFFICER:	Chief Executive Officer
DISCLOSURE OF INTEREST:	Nil
DATE OF REPORT:	11 July 2012

SUMMARY: This report recommends endorsement by Council for advertising of the proposed differential rates, for which public submissions are sought over a period not less than 21 days, prior to Council adopting the differential rates.

BACKGROUNDPrevious Considerations

Nil.

As part of the annual budget process Council must determine the rates in the dollar and the minimum rates to be used in the following year. Pursuant to s.6.36 of the Local Government Act 1995 regarding advertising requirements, the rates in the dollars and minimum rates must be resolved prior to the budget being finalised. Once endorsed, differential rates must be advertised for a period of 21 days providing allowance for public submissions.

This year, Councillors participated in a comprehensive budget workshop on 16 July 2012, where the information tabled included a budget summary by programme, rates comparisons with neighbouring shires, account detail of all operating income and expenditure, a schedule of fees and charges, all new initiatives submitted by Councillors and staff, the Waste Management Business Unit, and all capital expenditure programmes for plant, works, parks and buildings.

The Executive have sought to implement prioritised objectives within the context of a balanced draft budget, using reasonable funding estimations. The draft budget as proposed will be based upon a general increase in rates of 8.79%, which compares to 4.95% from the previous year.

Minimum rates for all categories except Broome Tourism have received a general increase of 8.79% to a level of \$1,092 which is an \$88 increase over last year's \$1,004 minimum rate. Minimum rates for the Broome Tourism category has been adjusted to \$1,070 to comply with the Local Government Act 1995 s6.35(4).

Differential rates proposed at the general increase of 8.79% and budgeted to be raised for 2012/2013 are shown in the following table:

COMMENT

Rating objects of each differential rate category are shown in the attachments.

Growth

Growth in the number of rateable properties during 2011/2012 was 220 (last year 42) which contributes 3.5 % (last year 0.7 %) to Shires rate growth revenue during 2012/2013.

Broome Residential

The Broome Residential group has been separated into developed and vacant land, as Shire has considered that with the opening up of a number of present and future residential subdivisions, it is in the interests of the community that rating policy should be designed to encourage development and discourage speculative land holding.

Tourism Differential Factor

The Shire uses differential rates on properties with commercial and tourism land use to raise proceeds for tourism initiatives and the marketing of tourism in Broome.

In the 2012/2013 draft budget rating model, the proceeds available from differential rates has been fixed at the amount of \$315,000 (as adopted at the Ordinary Council Meeting held 19 April 2012). Therefore; distributions have been fixed for tourism initiatives of \$175,000 support for Australia's Northwest Association tourism marketing body; \$110,000 for the Broome Visitors Centre facility and operations; and \$30,000 for other tourism initiatives.

Gross Rental Valuations and Unimproved Valuations

The tri-annual general valuation for all gross rental valuation (GRV) properties was undertaken by the property valuers from Landgate during August 2011 and effective 1 July 2012. Adjusted valuation results were mixed and included increase in GRVs for residential properties of 6.16% and industrial properties 13.71%.

Unimproved valuation (UV) properties are valued annually and the results effective 1 July 2012 included overall reduction in UVs for 12 Mile of 5% and Coconut Well 30%.

Rates in the dollar for each rate category have been adjusted to reflect these new valuations whilst maintaining individual rate yields.

Concessional Rates

There is a concession of \$6,573 (last year \$6,644) applied as a rates waiver in the terms and conditions of lease of 1 Bagot Street to Magabala Books for 2012/2013. This is the third and final rates concession.

Rural Rating/GRV Rating Non-Rural land uses

There has been no change to the method of valuation for rural properties.

Minimum Rate

The minimum rate is consistent for all categories of rates (except Broome Tourism), rising 8.79%, and has been set at \$1,092, which is an increase of \$88 (compared to last year's rate of \$1,004 with an increase of \$62).

The minimum rate for properties in the Broome Tourism rate category has been adjusted to \$1,072 to comply with the Local Government Act 1995 s6.35(4) and Local Government (Financial Management) Regulations 1996 Regulation 52. The rate in the dollar has been amended to maintain yield within this rate category.

STATUTORY ENVIRONMENT*Local Government Act, 1995**6.33. Differential general rates*

- (1) A local government may impose differential general rates according to any, or a combination, of the following characteristics —
 - (a) the purpose for which the land is zoned, whether or not under a local planning scheme or improvement scheme in force under the Planning and Development Act 2005;
 - (b) a purpose for which the land is held or used as determined by the local government;
 - (c) whether or not the land is vacant land; or
 - (d) any other characteristic or combination of characteristics prescribed.
- (2) Regulations may —
 - (a) specify the characteristics under subsection (1) which a local government is to use; or
 - (b) limit the characteristics under subsection (1) which a local government is permitted to use.
- (3) In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.
- (4) If during a financial year, the characteristics of any land which form the basis for the imposition of a differential general rate have changed, the local government is not to, on account of that change, amend the assessment of rates payable on that land in respect of that financial year but this subsection does not apply in any case where section 6.40(1)(a) applies.
- (5) A differential general rate that a local government purported to impose under this Act before the Local Government Amendment Act 2009 section 39(1)(a) came into operation is to be taken to have been as valid as if the amendment made by that paragraph had been made before the purported imposition of that rate.

6.35. Minimum payment

- (1) Subject to this section, a local government may impose on any rateable land in its district a minimum payment which is greater than the general rate which would otherwise be payable on that land.
 - (2) A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.
 - (3) In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —
 - (a) 50% of the total number of separately rated properties in the district; or
 - (b) 50% of the number of properties in each category referred to in subsection (6), on which a minimum payment is imposed.
 - (4) A minimum payment is not to be imposed on more than the prescribed percentage of —
 - (a) the number of separately rated properties in the district; or
 - (b) the number of properties in each category referred to in subsection (6), unless the general minimum does not exceed the prescribed amount.
 - (5) If a local government imposes a differential general rate on any land on the basis that the land is vacant land it may, with the approval of the Minister, impose a minimum payment in a manner that does not comply with subsections (2), (3) and (4) for that land.
-

- (6) For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories —
- (a) to land rated on gross rental value;
 - (b) to land rated on unimproved value; and
 - (c) to each differential rating category where a differential general rate is imposed.

6.36. Local government to give notice of certain rates

- (1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so.
 - (2) A local government is required to ensure that a notice referred to in subsection (1) is published in sufficient time to allow compliance with the requirements specified in this section and section 6.2(1).
 - (3) A notice referred to in subsection (1) —
 - (a) may be published within the period of 2 months preceding the commencement of the financial year to which the proposed rates are to apply on the basis of the local government's estimate of the budget deficiency;
 - (b) is to contain —
 - (i) details of each rate or minimum payment the local government intends to impose;
 - (ii) an invitation for submissions to be made by an elector or a ratepayer in respect of the proposed rate or minimum payment and any related matters within 21 days (or such longer period as is specified in the notice) of the notice; and
 - (iii) any further information in relation to the matters specified in subparagraphs (i) and (ii) which may be prescribed;
- and
- (c) is to advise electors and ratepayers of the time and place where a document describing the objects of, and reasons for, each proposed rate and minimum payment may be inspected.
- (4) The local government is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.
 - (5) Where a local government —
 - (a) in an emergency, proposes to impose a supplementary general rate or specified area rate under section 6.32(3)(a); or
 - (b) proposes to modify the proposed rates or minimum payments after considering any submissions under subsection (4), it is not required to give local public notice of that proposed supplementary general rate, specified area rate, modified rate or minimum payment.

Local Government (Financial Management) Regulations 1996

52. Minimum payment — maximum percentage — s. 6.35(4)

The percentage prescribed for the purposes of section 6.35(4) is 50%.

POLICY IMPLICATIONS

2.1.5 Rural Rating Policy

2.1.6 Tourism Administration Policy

FINANCIAL IMPLICATIONS

As outlined, the proposed differential rates increase of 8.79%, plus interim rates of \$200,000 will yield an amount of \$16.627 million, which is calculated to meet the requirements of the current draft budget shortfall in order to provide a balanced budget.

STRATEGIC IMPLICATIONS

Our People Goal – Foster a community environment that is accessible, affordable, inclusive, healthy and safe:

Encourage communication.

Identify affordable services and initiatives to satisfy community needs.

Create community spaces.

Encourage recreational activity.

Facilitate a safe environment.

Nurture and build social capital to increase community capacity.

Our Place Goal – Help to protect the nature and built environment and cultural heritage of Broome whilst recognising the unique sense of the place:

Engage with local community by presenting realistic and sustainable land use strategies for the Shire within the state and national frameworks.

Ensure that our planning processes result in a built environment that reflects arid tropical climate design principles and historical built form.

Nurture and protect our unique natural environment for the benefit and enjoyment of current and future generations.

Preserve and promote the unique and significant historical and cultural heritage of Broome.

Retain and build on Broome's iconic tourism assets and reputation.

Implement best practice asset management plans to optimise Shires' infrastructure whilst minimising life cycle costs.

As required under the Commonwealth Government's Bi-lateral Agreement, Council is able to mobilise resources to deliver municipal services to Indigenous communities that are compliant, effective and within Council's capacity.

Our Prosperity Goal – Create the means to enable local jobs creation and lifestyle affordability for the current and future population:

Work with agencies and others to ensure affordable and equitable services and infrastructure.

Encourage the provision of affordable land for residential, industrial, commercial and community use.

Implement key economic development strategies for the Shire which are aligned to regional outcomes working through recognised planning and development groups/committees.

Our Organisation Goal – Continually enhance the Shire’s organisational capacity to service the needs of a growing community:

Develop an organisational culture that strives for service excellence.

Review and analyse strategic and operational plans.

Manage resource allocation.

Encourage community engagement.

Manage staff attraction and retention.

Improve systems, processes and compliance.
