## **MEDIA RELEASE**

7 December 2010

For immediate release

### **Ground Condition Testing on Manari Road**

Woodside Energy Limited will be undertaking geophysical and geotechnical ground data collection on two one kilometre sections of Manari Road, Broome during the month of December.

Geophysical testing is expecting to take no more than six days, and geotechnical testing to take approximately 20 days, weather permitting.

Shire approval was granted subject to road traffic management procedures ensuring minimal disruption to traffic flows over this period.

The approval is subject to conditions including:

- No vehicles or infrastructure to remain in the road reserve after December 31 2010.
- Geophysical and geotechnical testing is to be located as far as possible to one side of Manari Road.
- Vehicle access is to be maintained and traffic management be undertaken.
- Woodside is to obtain all Aboriginal Cultural Heritage Approvals prior to the work being undertaken.
