MEDIA RELEASE

26 June 2015

For immediate release

Grader work gets underway on Cape Leveque Rd

The Shire of Broome will be starting a full maintenance grade of the unsealed portion of the Cape Leveque Rd from Monday 29 June.

Shire of Broome Director Engineering Services, Michael Dale, said the work was expected to take four weeks and involved graders undertaking light trimming of the unsealed surface to improve the ride for traffic using the road.

“Two graders will be undertaking the work starting at the northern end of the unsealed section of the Cape Leveque Rd near Beagle Bay, and working south towards the seal,” Mr Dale said.

“Drivers using Cape Leveque Rd during this period are reminded to look out for graders operating on the road and to slow down when inside the ‘Grader Ahead’ signs and when approaching vehicles.”

For enquiries contact the Shire Administration office on (08) 9191 3456.
