

COUNCIL POLICY

Events

Policy Objective

The Shire of Broome manages and coordinates events held in public places, ensuring that events provide a wide variety of community and economic benefits for residents, as well as additional attractions for visitors. Further, the Shire is governed by a range of legislation and regulations which it must comply with when managing and coordinating events held in public places.

This policy further sets out the principles and rules that must be followed by the Shire to ensure that events comply with regulatory requirements and standards, protect the health and safety of people attending events and minimise any adverse impacts which may be associated with the event.

With this policy, the Shire aims to provide an application and approval process for events that is clear, efficient, consistent and timely. The Shire also acknowledges the significant social, economic and community capacity building benefits of events.

Policy Scope

This policy applies to all events held in public places within the Shire of Broome, with the exception of those held in:

- a. Educational premises including primary, secondary and tertiary educational facilities, where the event is hosted by the educational facility;
- b. Religious centres including churches and worship centres, where the event is hosted by the religious facility;
- c. A public park or reserve and is an activity considered to be general recreation, such as a private family gathering or social gathering.

 - Conditions associated with a Development Approval under the Shire of Broome Local Planning Scheme No. 7 (Planning Scheme); and
 - Event Approvals required in accordance with the *Health (Miscellaneous Provisions) Act 1911* and associated regulations.

An event permit application in the prescribed form is required for all events other than those outlined in the exceptions above.

In order to be considered an 'event' for the purposes of this Policy, the occurrence must take place on a single, non-recurring basis. Activities which do not meet this requirement include:

- Commercial activities which takes place in the same or in multiple locations within a public place, on multiple occasions, and involves no permanent infrastructure. This type of activity would require a Trading Licence.

- Commercial activities in the form of a market, which means a collection of stalls set up or conducted for the purposes of trading. This type of activity would require a Market Licence.
- Commercial activities which takes place in the same location within a public place on multiple occasions, or for one occurrence lasting more than 120 continuous hours (5 days) in duration, and/or involves the erection of permanent or semi-permanent infrastructure, and/or the establishment of an exclusive area that cannot be accessed by the general public.

These types of activities would require a Development Approval under the Planning Scheme and potentially a lease or licence to secure land tenure under the *Land Administration Act 1997*.

Events held on the Town Beach Groyne shall comply with *Health (Public Building) Regulations 1992*.

Gantheaume Point and Reddell Beach shall only be used for social gatherings.

Traffic Management

A Traffic Management Plan (**TMP**) is required to be submitted when road closures or modified road arrangements are part of the event.

Other Approvals to Use Road Reserve

The Event Applicant is responsible for obtaining all necessary approvals for use of a road reserve from the Shire and/or Main Roads and the WA Police. Adherence with the conditions of any and all such approvals is a condition of event approval.
