Hi, I want to represent you on the Broome Shire. If you care about the beautiful Broome environment, care about ALL the people that live here and most of all want to a build a better future for EVERYONE then vote for me!

I've lived in Broome for 16 years and love it more every day. Things aren't perfect, and my work history in welfare, communities and health I have a very good understanding of the issues people are experiencing now. This understanding is currently missing in the Council and I hope to bring balance there.

I will be focusing on housing and childcare as I believe these impact people and the economy of Broome. Some will argue this is not the role of the Shire but I disagree; the Council and the Kimberley Zone have a real role to play here if the right people are elected.

I am unashamedly pro environment: all Council decisions need to pass through an environmental filter. I believe in sustainable development but not at the cost of our wellbeing and amenity.
