Broome is the place I have called home for nearly six years. Broome holds a special place in my heart. As a council member it is my hope to work in partnership with Broome residents to promote community engagement, economic and environmental improvement that fall in line with the communities' priorities.

In my time here I have worked for community-based services organizations. My hope is to take what I have learned and practically apply these skills to tackle some of the challenges faced within our community.

I have always prided myself as being someone who is approachable. My hope is that this will allow me to listen and facilitate any concerns or issues that may be presented by residents of the Broome community.

I do hope I have the privilege of working together and for this wonderful community.
