I'm invested in a future for the Shire of Broome that supports diversity, equality and transparency. Together, we can make better decisions and address key issues impacting our community. I will advocate for:

- Enhancing community safety and crime prevention
- Easing household and family pressures
- Addressing the workforce crisis
- Delivering community-led infrastructure through sustainable development

There is power in our collective voices. With the right leadership and collaboration, we can shape a Shire in which we all feel safe, and proud to call home.

I want to see a Council that is transparent, reflects the diversity of our community and engages in best practice consultation.

Leveraging my experience in government, science, Indigenous and regional affairs, I will seek the changes we need for a bright future, while honouring the past and present.

By working together, we can maximise the opportunities our Shire and community has to offer.
