Cost: \$59

Broome Civic Centre, 7.30pm, July 15

\$6m Lotterywest grant for Cable Beach Foreshore project

The Cable Beach Foreshore Redevelopment project has received a significant boost, thanks to a \$6 million grant from Lotterywest.

The funding provides \$1 million for Stage 1 works and a further \$5 million for Stage 2 works.

The Stage 1 funding is assigned to the youth hub behind the Broome Surf Club, which will include a skate park and half-court basketball court, and cultural art and interpretation signage.

The \$12 million Stage 1 works, which are predominantly funded by \$10 million in Federal Government grants and the Lotterywest contribution, are out to tender and due to commence later this year.

The remaining \$5 million from the Lotterywest grant will contribute to a significant amount of the Stage 2 works at the northern end of the precinct, including the protection of the Monsoon Vine Thicket, interpretative signage and significantly the construction of a climbing wall and themed water playground.

Broome Shire President Desiree Male said the Lotterywest

funding is an amazing result for Broome and that she 'couldn't be happier'. Broome Shire President Desiree Male said the Lotterywest funding is an amazing result for Broome and that she 'couldn't be happier'. "Lotterywest has been incredibly generous to Broome, having provided funding to other key transformational projects such as the Chinatown Revitalisation and the Town Beach Redevelopment, and to our wonderful skate park," Cr Male said.

I am over the moon about this announcement, which will go a very long way to help realise the wonderful vision for the area, achieved after several years of community consultation and commitment of Shire staff."

"I would like to thank the Lotterywest Board, Lotterywest General Manager Lorna Pritchard and Manager Grants Development Debra Bow for their assistance and support." West Australian Premier Roger Cook will visit Broome in the coming weeks to deliver a formal announcement.

Making the grade

With plenty of unsealed roads around the Shire, our construction crew has been all over the place to make sure they were maintained and graded for the dry season. Our graders worked their way north up to James Price Point and up the Cape to Kinney/Rumble Bay Roads and far south to Port Smith and Eighty Mile Beach. We have been making sure these roads are maintained and graded for the dry season, though the unseasonal rains mean we may have to do some of it all over again.

Having a team spread out across the Shire with almost 500 kilometres between them comes with its own logistical challenges and time away from home.

But the hardworking crew achieved amazing results for our residents, ratepayers and visitors.

Have your say on the Turf Club masterplan

The Shire of Broome in collaboration with the Broome Turf Club have developed the Broome Turf Club Master Plan 2023 to guide the future development at the Broome Turf Club at Reserve 22648 Gantheaume Road, Broome.

The draft Broome Turf Club Master Plan and Report can be downloaded at broome.wa.gov.au/turfclub (or use the QR code).

Alternatively, printed copies are available from the Shire's Administration Office or the Broome Turf Club. Members of the public are invited to make submissions

in relation to the Master Plan.

Submissions can be returned via email to

shire@broome.wa.gov.au

or by post to Shire of Broome, PO Box 44, Broome, 6725.

Submissions close 4pm, Friday, July 28.
