**Twenty mature frangipani trees are finding a new home at Cable Beach.**

The frangipanis were previously removed from Frederick St opposite Broome Senior High School to allow stormwater drainage to be moved underground.

The mature frangipanis have since been stored and are now being planted out as part of ongoing beautification work around Cable Beach, including new footpaths, seating, street lighting, retaining walls and garden beds.

The frangipanis will be planted along Sanctuary Rd and Cable Beach Rd West.

## Sports club survey to guide initiatives

**The Shire is collecting key information on the town's growing sporting community and giving one club the chance to win \$500 of SportsPower vouchers for participating.**

Local sports clubs are being asked to complete a survey and Shire Club Development Officer, Mike Doyle, says the information will be collated to provide a detailed insight into how club sport has progressed since the start of the club development program in 2009 and where resources should be allocated.

Two previous reports have been released since 2009, and the last report in 2014 revealed local sporting clubs were developing at unprecedented levels.

"We want to continue to capture that growth, to ascertain the trends, and ultimately make sure we are assisting them in the right areas," Mr Doyle says.

The survey has been sent to all clubs on the Shire's Club Development Officer database, and anyone else interested in completing the survey should contact Mr Doyle on (08) 9191 3456 or [mike.doyle@broome.wa.gov.au](mailto:mike.doyle@broome.wa.gov.au).

Broome's sports community is being asked to fill out a survey to help plan for the future.
