Community members are encouraged to join the new Chinatown Team.

## Chinatown Team to keep up momentum

The Chinatown Revitalisation Project may be wrapping up, but it isn't the end - it's just the beginning.

Broome Shire President, Harold Tracey, says we now need the community to lead the activation and promotion of the town centre and to achieve this the Shire has committed funding to form the "Chinatown Team".

"There's only so much that governments and consultants and contractors can do - now we need our community to take up the baton and continue the momentum that we've started," Cr Tracey says.

"All through this project we've had a long-term view, and so with some of the funding we created a 'Chinatown Place Making Management Plan' to help guide the ongoing revitalisation of Chinatown once the immediate project was finished.

"So if you live in Broome and you love Broome, we'd like you to be involved."

The Chinatown Team will support and guide the direction of activations, events and promotions for Chinatown and anyone interested should email [talei.howell-price@broome.wa.gov.au](mailto:talei.howell-price@broome.wa.gov.au)

## Beach laws accommodate dogs and horses

With the Broome Race Round now underway for 2019, laws requiring dogs to be kept on leashes at Cable Beach in the morning need to be observed.

The section of Cable Beach near Gantheaume Point and extending for 2km north of the beach access ramp is designated as a dog exercise area, but between 1 May and 31 August each year, from 5.30am to 10am on weekdays, dogs are required to be kept on a leash.

The local law was introduced in 2014 following incidents between unrestrained dogs and race horses in the area, and is enforced by Shire of Broome Rangers with a fine of \$200 for those not controlling their dogs in exercise areas.

Broome Shire President, Harold Tracey, says the laws strike a balance between providing adequate areas for dogs and their owners, while at the same time protecting horses and their handlers.

## Keep your speed down on Cable Beach

Broome's beaches are filling up fast with people wanting to enjoy our beautiful coastline and sunsets, making safety paramount including observing the 15kmh speed limit on Cable Beach.

Shire Rangers are now tackling the ongoing issue of vehicles speeding on Cable Beach north of the rocks and at Gantheaume Point.

Rangers will be on the beach regularly with a laser speed gun to enforce the speed limit with warnings and infringements where required.

Drivers can be fined \$175 for exceeding the 15kmh speed limit under the Shire of Broome's Local Government Property and Public Places Local Law.

Rangers will also monitor parking on Cable Beach including ensuring that vehicles move north of the rocks after driving onto the beach.
